Student Selection

WYSE Business College conducts recruitment of students in an ethical, fair, and responsible manner using various methods.

We are committed to ensuring that all student selection processes are fair, equitable and consistent with workplace performance, competency level and the training package requirements. Therefore, selection into a training program includes but is not limited to the following:

1. The learner meets any prerequisite qualifications or work experience
2. The learner meets any age requirements that may be in place for a particular course.

Student enrolments are subject to the availability of places on the training program. This is based on the maximum number of participants who can be accommodated, the type of course, learning structures, student needs, etc. We shall ensure that any applicants who do not meet entry requirements are advised of any appropriate pre-entry training they may take to meet eligibility criteria.

Enrolment

Pre-Enrolment

Prior to confirmation of enrolment, students will be required to undergo a pre-enrolment Assessment, complete and submit pre-enrolment documents for review, including but not limited to:

- a) Pre-Enrolment Assessment Form (sent via email upon course enquiry)
- b) Necessary course requirements / pre-requisite requirements
- c) ID and supporting documents for processing and filing
- d) USI Number

Students are required to go through an initial pre-enrolment interview, where they will be asked to do tasks and answer questions to confirm sufficient computer skills, including knowledge to operate video-communication services with our trainer and/or assessor.

This pre-enrolment interview will be done via online platforms such as Zoom and Microsoft Teams.

While we will endeavour to complete the enrolment process as quickly as possible, please allow up to 5 business days from confirmation of your payment for enrolment. Upon enrolment, students will receive via email course information and personalised logins.

Student Handbook

Access to the Learning and Assessment Resources

All fees and payment terms are available to students before and during enrolment through the enrolment form and course brochures. Students should refer to their enrolment form and course brochure for specific payment terms related to their chosen course.

Payment Plan:

For courses under a payment plan, an initial deposit is required upon enrolment. Subsequent payments will be scheduled throughout the course duration as outlined in the enrolment form. If a student misses a payment, they will receive a payment reminder via email and will be contacted by Student Services. Failure to make the payment within 14 days will result in suspension of the student's enrolment until payment is received. The student will be notified of this suspension.

Students are considered enrolled once the agreed amount, as specified in the enrolment form, has been received. Please contact Student Services for any questions or clarifications regarding the payment terms.

Unique Student Identifier

An initiative of the Australian Government is the requirement for all students of Vocational Education and Training to supply a Unique Student Identifier number to their VET provider. Students will be assisted by our Student Services to apply for and supply their USI if authorised by the student. We can verify each USI before issuance of any certification. All students should be aware that WYSE Business College and no VET provider, can issue a certificate for a VET qualification without being supplied with a student's USI.

Exemptions to the USI requirements may apply, including for international students studying onshore and outside of Australia. For any student exempt from supplying a USI, completion results and records will not be available through the Commonwealth Registrar. We can use the following links to search for or create USIs (ONLY with student permission):

Transfer to Another Course

Transferring to another course is subject to the availability of courses offered within the RTO's course offering. If applicable, students who wish to transfer to another course must submit their request in writing within six months of the enrolment application (or within 12 months for a course of 24 months duration). A **transfer fee of \$190** will be charged, in addition to any difference between the original course fee paid and the full course fee (not promotional fee).

No refund will be given if a student chooses to transfer to a course of lesser value. Workshop components from one course cannot be transferred to another course if the course includes workshops. The original course end date will apply to the new course, and if the student wishes to extend beyond the original course enrolment expiry, extension fees will apply as per our extension policy. Upon transferring to another course, a student relinquishes their enrolment in the original course.

STUDYING AT WYSE Business College

WYSE Business College conducts training courses to suit student needs, course type, and learning styles. The following student guidelines will help foster a healthy learning environment for all students.

Student Support

WYSE Business College acknowledges the importance of supporting students in achieving successful outcomes. Our Trainers are available to offer guidance via phone and email. Help and support are just a phone call away:

Email: admin@wysebusinesscollege.edu.au

Contact number: 0466222050

We conduct assessment of needs as part of the pre-enrolment process and throughout the duration of the course. In such cases, we will ensure that the assessment of need is undertaken at the earliest possible opportunity and any identified support needs issues are managed.

Student support may include but is not limited to any disability or impairment that restricts access and equity as well as, computer literacy or English language, literacy and numeracy (LLN) information obtained from learners prior to enrolment and prior to the commencement of their first unit of competency.

Educational and support services may include, but are not limited to:

- pre-enrolment materials;
- study support and study skills programs;
- language, literacy and numeracy (LLN) programs or referrals to these programs;
- equipment, resources and/or programs to increase access for learners with disabilities and other learners in accordance with access and equity;
- flexible scheduling and delivery of training and assessment;
- counselling services or referrals to these services;

Student Handbook

- information and communications technology (ICT) support;
- learning materials in alternative formats, for example, in large print;
- any other services that the RTO considers necessary to support learners to achieve competency.

Where appropriate, we will seek external assistance to ensure additional support services are available. You will be informed in case additional costs may be incurred to arrange access to external additional support services.

Language/Literacy and Numeracy

WYSE Business College makes appropriate concessions for language, literacy and numeracy issues of students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

During the enrolment process, all students complete a brief non-invasive language, literacy and numeracy assessment for us to identify any issues that may need to be addressed prior to the commencement of training. Strategies to address these issues will be negotiated with students and may include adjusting learning and assessment modes and methods.

We provide materials, resources and assessment tasks at a level of complexity required and also provide opportunities for repeated and supported practice.

Where can I get help with language, literacy and numeracy?

Individuals who want to get help with their literacy and numeracy can access information about the nearest LLN provider by calling the Reading Writing Hotline on

Student Handbook

What is the Reading Writing Hotline?

The Reading Writing Hotline is funded by the Australian Government Department of Education, Science and Training. The project is managed by TAFE NSW - Access and General Education Curriculum Centre and is Australia's national telephone adult literacy and numeracy referral service. For the price of a local call from anywhere in Australia, the hotline can provide you with advice as well as a referral to one of 1200 providers of courses in adult literacy and numeracy.

What happens when I call the Hotline?

You will speak to an experienced adult literacy teacher who will advise you on ways you can access classes in your local area to improve reading, writing, spelling and maths skills. The information you give about yourself is confidential and will not be given to anyone else.

When can I call the Hotline?

You can call the Hotline at any time. If a teacher is unavailable to take your call, your name and number will be taken by the hotline paging service and your call will be returned.

Flexible Learning and Assessment

WYSE Business College will develop a unique training plan for each student to assist with time management and fitting studying around their work and life commitments.

If you've already completed a qualification, it may be possible to apply for credit transfer and/or recognition of prior learning (RPL) as long as sufficient and current evidence is provided as required. To learn more about credit transfer and recognition of prior learning please refer to the RPL and Credit Transfer Policy located in the Policies and Procedures section of the handbook.

For further information on how to apply for credit transfer and RPL you can contact our Student Services.

Assessment Requirements

All assessments must be submitted by the due date. If you are having difficulty completing an assessment, you may discuss it with your trainer/assessor well in advance of the due date. This way the trainer/assessor may be able to provide support or grant additional time. Please note there may be conditions to gaining an extension.

Students are advised to keep a copy of their assessments prior to submission. WYSE Business College does not accept responsibility for lost assessment tasks.

A completed assessment may be submitted using any one of the following methods depending on which course you are enrolled in. Upload your assessments through the online portal.

Once you have submitted your fully completed assessment, you will receive an email to acknowledge your submission. You may contact student services to know the status of your assessment.

Student Handbook

Please note: Students will have to complete assessment tasks again if their work goes missing and therefore it is important to keep a copy of their original assessment tasks.

Assessment malpractice

Assessment malpractice includes cheating, collusion and plagiarism.

We regard the integrity of assessment as critical to our professional responsibilities as an RTO and therefore strive to ensure the assessment processes are not compromised. We have policies and procedures in place for dealing with assessment malpractice.

What is cheating?

Cheating within the context of the study environment, means to dishonestly present an assessment task or assessment activity as genuinely representing your own understanding of and/or ability in the subject concerned.

Some examples of cheating are:

- Submitting someone else's work as your own whether you have that person's consent or not.
- Submitting another author's work as your own, without proper acknowledgement of the author.
- To allow someone else to submit your own work as theirs.
- To use any part of someone else's work without the proper acknowledgement.

There are other forms of cheating not contained in this list. These are merely given as some examples. If you are unsure about whether any particular behaviour would constitute plagiarism or cheating, please check with your trainer prior to submitting your assessment work.

What is Collusion?

Collusion is the presentation of work, which is the result in whole or in part of unauthorised collaboration with another person or persons. It is your responsibility to ensure that other students do not have opportunity to copy your work.

What is Plagiarism?

Plagiarism is a form of cheating and includes presenting another person's or organisation's ideas or expressions as your own. This includes, however is not limited to copying written works such as books or journals, data or images, tables, diagrams, designs, plans, photographs, film, music, formulae, websites and computer programs.

What are the Penalties for Plagiarism or Cheating?

If a trainer suspects that you are cheating, they will investigate further to establish evidence to support their suspicion. By looking at learning resources, searching on Google and reviewing previous or current student's work. If evidence to support the suspicion is established your trainer will then report their concerns to our Training Manager. From there the following process will be followed:

1. Our assessor will contact you in writing outlining their concerns with your submitted work.

Student Handbook

2. You will then have an opportunity to respond to any allegations of cheating or plagiarism.
3. If our Training Manager's investigation confirms that you have engaged in cheating or plagiarism you will be advised of one of the following consequences:
 - If it is determined that your offence committed is minor or unintentional, you will be asked to resubmit your work and be given a formal warning in writing by our Training Manager OR
 - If it is determined that your offence committed is of a serious and intentional nature you will be un-enrolled in that unit immediately and have to re-enrol if you wish to complete that unit. Your result for that unit will be recorded as Not Competent. A cheating/plagiarism note will also be recorded against your student file. Notification of any such decision will be made in writing by our Training Manager.
4. If the conduct is repeated or if the initial conduct is of a very serious nature (as determined by our Training Manager), such as knowingly falsifying assessment evidence, the student's enrolment may be terminated. In cases of termination, all fees paid will be non-refundable.

What if I don't agree with the decision?

If you disagree with the decision or the penalty imposed, you are entitled to lodge an appeal in accordance with the Appeals Policy and Process. For more information you may refer to the Complaints and Appeals section of the Student Handbook.

How do I avoid Plagiarism or Cheating?

Students are advised to note the following advice to avoid claims of plagiarism or cheating:

- Always reference other people's work. You may quote from someone else's work (for example, from websites, textbooks, journals or other published materials) but you must always indicate the author and source of the material.
- Always reference your sources. You should name sources for any graphs, tables or specific data, which you include in your assignment.
- You must not copy someone else's work and present it as your own.
- You must not falsify assessment evidence.

Code of Conduct

All WYSE Business College participants are expected to take responsibility for their own learning and behaviour during both training and assessment. Any breach of discipline will result in the participant being given a 'written warning.' Further breach will result in a participant being asked to 'show cause' as to why they should not be excluded from further participation in the program. A third breach will result in instant dismissal from the training environment. Where a breach is deemed as of a serious nature, as determined by our Training Manager, the student's enrolment may be terminated. In instances of dismissal and termination of enrolment, all fees paid will be non-refundable.

Student Handbook

Personal interaction, staff-to-student and student-to-student is expected to be respectful. An aggressive manner or degrading and abusive language will be considered contrary to the Code of Conduct and a breach of discipline. Following are further instances of breaches to the Code of Conduct.

From a student perspective, enrolment may be terminated, and all fees paid will be non-refundable.

Examples of verbal harassment

- Racist comments or jokes.
- Spreading rumours.
- Comments or jokes about a person's disability, pregnancy, sexuality, age religion etc.

All certification documentation will be sent to the email address and/or posted to the mailing address provided by the student.

Evaluation and Feedback

As a matter of quality assurance and continuous improvement, WYSE Business College relies heavily on the feedback from students. We require all students to complete various feedback and evaluation forms.

At the end of the training, students will be asked to provide feedback by completing a Learner Questionnaire and Course Feedback Form. Learner Questionnaires may also be emailed to a student. Participation in the survey is highly valued, but voluntary. We will fully protect student's anonymity and the confidentiality of the student's response within the limits of the law.

Student Handbook

COURSE INFORMATION

All training programs we provide are registered under nationally endorsed training packages. These training programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

Training Programs

The specific skills and knowledge required for particular activities are set out in Units of Competency which can be grouped together to formulate the completion of a nationally recognised qualification. Nationally recognised qualifications are outlined in training packages. These can be viewed at www.training.gov.au.

Competency Based Training

All programs delivered by WYSE Business College are assessed under the principles of Competency Based Training. The aim of Competency Based Training is to assess the student's ability to complete the activities in each unit.

We will assess the student's ability (or competence) to carry out the activities in each unit of competency.

Competencies are normally expressed in terms of a unit of competency. For example, if you were working in a retail store, a unit of competency might include "use point of sale equipment." Competencies include the skills and tasks that are required in the workplace. When a student is being assessed on these activities, the student will be required to perform the activity to the level required in the workplace.

All assessment results are recorded in our Student Management System. Students have access to their assessment outcomes via the student portal or by request.

Certification documents are issued from the results recorded in our Student Management System.

Mode of Delivery

WYSE Business College provides flexible and student-centric training tailored to each student's needs. Our courses are offered through various modes to best accommodate the student's diverse requirements.

Online Distance

Our Online Distance mode of delivery is designed for students who prefer a remote learning environment, allowing them to study at their own pace from any location. In this mode, students receive comprehensive online access to:

- Course learning materials
- Assessment tools
- Student forums
- Additional resources

Student Handbook

Students have the flexibility to progress through the material according to their schedules, making it ideal for those with work or family commitments.

Online

Our Online mode of delivery provides an interactive online platform where students engage with instructors and peers. This mode focuses on creating an engaging and interactive environment through:

- Real-time or asynchronous lessons
- Discussion forums
- Virtual workshops
- Online assessments

Students can access these resources from anywhere while benefiting from scheduled activities that encourage interaction and immediate feedback.

Please refer to the specific course brochures and our website for more information on the delivery options available for each program. Student services are available to answer any questions regarding our course offerings and mode of delivery.

Computer Specifications and Requirements

The software requirements to ensure the course materials are accessible are as follows:

- Latest versions of MS Word, MS PowerPoint, MS Excel, MS Teams and Adobe Reader are required
- Some applications (videos) will require the latest version of Flash Player
- We recommend Google Chrome as the Internet Browser most compatible with the student portal.

We recommend an internet speed of at least 5 Mbps. You can check your internet speed with free speed checkers such as this [one](#). Slower connections may suffice for accessing your materials through Adobe Reader. However, you may experience quality and downloading issues with other multimedia resources. We aim for maximum operational efficiency with our high-quality SMS; however, from time to time, outages may occur, but these will be attended to as quickly as possible.

For Webinar-based Blended/Online courses in specific qualifications (please refer to website). There are important requirements to be able to participate in a Webinar-based course, and these are as follows:

- Internet (Minimum 5 mbps Downloads & 1.5 mbps Uploads)
- Google Chrome Web Browser (available as a free download)
- Latest Adobe Flash Player and Adobe Acrobat Reader
- Microsoft Word, PowerPoint, Excel and Teams
- Webcam
- Headset with microphone (noise-cancelling preferable)
- Comfortable seating at PC or Mac and a suitable area for breaks

Student Handbook

Evidence Requirements

Evidence is the material proof that you have performed the specified competency or task to the required standard. Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit/module. Examples of evidence could include one or more of the following:

1. Specific assessment tasks set by your assessor
2. Observation reports
3. Certificates and awards
4. Examples of work completed or special projects
5. Current licenses
6. Position descriptions and performance reviews
7. Third party reports
8. Question responses
9. Tests

Your evidence must also demonstrate the following:

1. That you can do the job or task to the required standard
2. Understand why the job should be done in a particular way
3. Handle unexpected issues or problems
4. Work with others 'in a team'
5. Do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements
6. Know the workplace rules and procedures

Assessment

Assessment is defined as the process of collecting evidence and making judgments on the nature and extent of progress towards the performance requirement set out in a (competency) standard, or learning outcome, and, at the appropriate point, making a judgment as to whether competency has been achieved.

Assessment is the process of collecting evidence and making judgments on whether competency has been achieved. To be marked as **'Competent' (C)**, you must receive a **'Satisfactory' (S)** mark in *every* assessment task. You will need to provide evidence that demonstrates that you have the essential knowledge and skills to successfully complete the relevant unit to the required standard. You have to demonstrate that you can do the task safely and with confidence to the required industry standard as outlined in the Unit of Competency.

An assessment of **'Not Yet Satisfactory' (NYS)** is not a failing mark. It is simply a request for more information or further confirmation of the knowledge and skills required. Your trainer will provide feedback if you receive this mark to guide your resubmission. You will be allowed to resubmit the assessment with the required

Student Handbook

rectifications or repeat the task until you achieve a **'Satisfactory' (S)** result. You will be given a limit of three (3) attempts.

Assessment, within competency-based approaches to learning, is criterion-referenced. This means it identifies an individual's achievements of defined outcomes, rather than relating their performance to that of other learners or trainees.

Assessment methods used may include:

- Demonstration
- Observation
- Oral presentations
- Role plays or simulation
- Projects

Principles of Assessment

There are four key principles that are a part of the assessment process:

Fairness	The individual learner's needs are considered in the assessment process. Where appropriate, reasonable adjustments are applied by the RTO to consider the individual learner's needs. The RTO informs the learner about the assessment process and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.
Flexibility	Assessment is flexible to the individual learner by: <ul style="list-style-type: none">• reflecting the learner's needs;• assessing competencies held by the learner no matter how or where they have been acquired; and• drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Validity	Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner. Validity requires: <ul style="list-style-type: none">• assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance;• assessment of knowledge and skills is integrated with their practical application;• assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and• judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.
Reliability	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

Rules of Evidence

The Rules of Evidence are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is valid, sufficient, authentic and current as follows:

Student Handbook

Validity	The assessor is assured that the learner has the skills, knowledge and attributes as described in the module or unit of competency and associated assessment requirements.
Sufficiency	The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made of a learner's competency.
Authenticity	The assessor is assured that the evidence presented for assessment is the learner's own work.
Currency	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Assessment Results

Results of assessment are provided to students as soon as practicable. These results are available through your student login account. Assessment results are confidential at all times and will not be given to any other party unless a written request signed by the student is received in advance.

Reasonable Adjustment

Students with disabilities or learning difficulties are encouraged to discuss with WYSE Business College any 'reasonable adjustment' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however, be circumstances where it will not be reasonable or reasonably practicable for us to accommodate or where other adjustments may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency-based training and assessment.

Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment, you must communicate with your assessor and apply for an extension. Standard extension fees are as follows: **\$125** for each additional month requested beyond the student's original course end date. No refund will be approved for any extension period did not utilise.

Additional Submission and Support

Further submission attempts may be provided only at our discretion. Students may request up to 2 submission attempts—approval will be at the discretion of the training management. This discretion will rely on the quality of previous submissions and the consideration of the study making progress through extra effort of the student to address the feedback required.

Should the submission 2 attempts be insufficient to gain competency OR if a discretionary attempt is not granted due to insufficient evidence of extra work, students will have the opportunity to purchase re-submissions/re-assessments for **\$60** per submission. The student is advised to speak to our Student Services to assess the need for course extension and/or our Student Services.

Student Handbook

Awards

Once a student has successfully completed all assessment requirements for their applicable course, the student will be issued with certification documentation.

For students who have not met all requirements for the course or students who withdraw from a course and have paid relevant fees, have the right to receive a Statement of Attainment for the units of competency they have been deemed competent in.

Students should note that if they are paying for their course via the payment plan option, they will be unable to receive their qualification or statement of attainment until course fees are paid in their entirety.

The Qualification or Statement of Attainment will be emailed to the current email address and mailed to the current address noted in our Student Management System. The student should allow 30 calendar days from the date of completion of the course for the issuance of your award.

Important Information regarding awards at WYSE Business College

- Awards will only be issued to students whose financial status with the college is up to date
- It is the responsibility of the student to understand their obligations with regard to fees due for units studied
- For a student to be eligible to receive an award, the student must successfully complete all the units listed
- Training package courses have been submitted to the regulatory authorities, and all units specified in that course are the subjects a student must complete to be eligible to receive that award.

Certification documents can be reissued to a student upon written request. Replacement certification documentation will incur a fee of **\$50 per request**.

See the Certificate Issuance Policy for more details.

Student Handbook

- practical demonstrations
- audio/visual presentations

- case studies.

Recognition of Prior Learning (RPL)

All students have the opportunity to apply for recognition of prior learning. This means that you can submit evidence for a Unit(s) of Competency, and have it assessed by a qualified assessor without completing the training.

We believe that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

We aim to maximise the recognition of a learner's prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification we offer may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard, you need to contact our Student Services who will provide the information you need to complete an application.

Recognition Process

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that recognition is an assessment process, not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a student through:

- previous formal/informal training;
- work experience; and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the student is entitled in relation to a course/qualification. The main focus of recognition is what has been learned rather than how, where or

Student Handbook

when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note that the student must provide evidence and demonstrate their pre-existing competence to justify a claim for recognition and satisfy each requirement of the Unit(s) of Competency they're applying for.

Any documents that you provide to support your claim of competency must be originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

Recognition Decision

Regardless of the type of evidence that you submit, our assessor will ensure that your submission meets the following criteria:

- Full requirements of the Unit(s) of Competency;
- Any regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in the industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is sufficient evidence to make a judgement.

The recognition process may include the necessity to demonstrate the application of skills. Where it is identified that this is required to assist the assessor in their judgement of competency, this will be arranged at either the student's workplace or within a training facility.

We are committed to ensuring that all judgements made by your trainer against the same competency standards are consistent. Your trainer will examine the evidence that you present and then make a judgement on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your trainer will advise you of the outcome of your application for RPL and advise where gap training and/or assessment is required.

Credit Transfer

We recognise the AQF qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). Where a student has completed a unit/s of competency prior to enrolment that is included in our scope, the student may apply for recognition. This may result in the student not having to complete the same unit of competency again. This is known as credit transfer. Should you wish to seek credit transfer, contact our Students Services for a Credit Transfer Form.

See the RPL and Credit Transfer Policy for more details.

Transition of Superseded Courses

Where a nationally recognised training product we deliver is superseded, we will not enrol any new students into the superseded product from **12 months** after the date the replacement product is published on the National Register, unless otherwise approved by ASQA. For all current students, we will ensure they either:

- Complete the superseded training product and receive their AQF certification within the allowable transition period, or
- Are transitioned into the replacement training product in a timely manner.

In cases where a qualification is no longer current and not superseded, we will ensure that students complete the training and receive certification within **2 years** of its removal from the National Register.

For standalone skill sets, units of competency, accredited short courses, or modules that are no longer current and not superseded, we will ensure students complete and receive certification within **12 months** of their removal or deletion from the National Register.

Under no circumstances will we permit new enrolments into expired, removed, or deleted training products. Fees for transitioning to updated training products may apply and will be communicated to students where relevant.

Student Records

All student records are subject to our Privacy Policy. However, students may reasonably access their files by notifying us. The management will endeavour to give students prompt access to their own files where reasonable notice is given.

We will provide students with timely access to their participation and progress throughout the training course.

Fee Payment and Refund Policy

We have developed a fair and equitable process for determining course fees, refunds and payment options. Please refer to the individual course brochures or our website for the course fees.

You must advise us of cancellation in writing or by email. A non-refundable administration fee of **\$500** will be subtracted from any refund granted under the terms and conditions outlined in this policy.

No refund is provided for cancellations outside of the refund period, though some cases may be considered, subject to our management's discretion. In the case of online learning, training and assessment is deemed to have commenced once the learner has been issued a username and login and these have been used to access the online material.

Cancellation and Refunds

We have a refund period whereby refunds are allowed for any reason, including change of mind, known as the 'Refund Period.' No refunds will be issued for cancellations outside of the refund period.

Student Handbook

The 'refund period' is defined as **14 calendar days** from the date the student has been 'officially enrolled'—this means all pre-enrolment and enrolment steps have been completed, and the student is deemed suitable for the course.

If you do not notify WYSE Business College in writing within the refund period, you will not be eligible for a refund. All refunds will be paid to the person or organisation that originally paid the fees. Refunds will be paid within four calendar weeks of the date the request is received.

If you wish to terminate your studies before the completion of your course, you must first complete a Refund Request Form, available from our website and our Student Services. In cases where fee payment instalments have been negotiated, you will still be liable to pay any and all outstanding fees to WYSE Business College before the termination of enrolment. 'Outstanding' refer to all due payments for training and/or assessment services rendered by WYSE Business College to the student before withdrawal of training is officially approved. WYSE Business College reserves the right to pursue recovery of any and all fees owed by any and all means legally allowable.

For refund applications within the refund period, the Refund Request Form must be received by WYSE Business College, within the refund period. A refund of the course fee, less the applicable administration fees will only be issued if all above criteria has been met and the student has no previous outstanding monies with WYSE Business College.

This refund policy does not remove your right to take further action under Australia's consumer protection laws and [Cooling-off period](#).
